2017 BC ECONOMIC SUMMIT Making Waves

June 11th to 13th
Delta Victoria Ocean Pointe
Resort & Spa

The British Columbia Economic Development Association (BCEDA) is the leading professional association of economic development practitioners in the Province of BC. BCEDA currently has over 450 members from communities throughout the Province. BCEDA provides services that help member communities grow and expand new and existing businesses, attract new business investments, and work towards strategic infrastructure investment, land use planning, and community enhancement.

The BC Economic Summit brings together local governments, First Nations, regional, provincial and federal governments, economic developers and others interested in working to build strong, sustainable economies. The summit helps to form partnerships, and discusses best practices on achieving success in economic development goals. The benefits for communities are in the partnerships and idea generation that can be implemented for the overall strengthening of the BC economy.

WHY PARTNER?

- Network with key community players who influence new business start-ups, business expansion and new business attraction in BC. BCEDA Members represent more businesses than any other association in the province.
- Support community-based efforts to build strong and resilient economies.
- Be recognized as a leader in corporate social responsibility.
- Increase your company's visibility.

BCEDA is working hard to build strong sustainable communities throughout British Columbia. The Partnership Program is a unique opportunity for FortisBC to connect with local, regional and First Nations governments and representatives from various economic sectors. We encourage others to support the work of BCEDA and the work of local economic development programs.
